

PRABHPREET SINGH

MERN Stack / Backend Developer (Node.js)

Faridabad, Haryana, India | mostlyypositive@gmail.com | +91 9540930826 | github.com/iamPrabh123 | linkedin.com/in/prabhpreet-singh-764726340

PROFESSIONAL SUMMARY

Aspiring MERN Stack Developer with hands-on experience building RESTful APIs using Node.js, Express.js, and MongoDB. Skilled in JWT authentication, middleware design, input validation, API testing with Postman, and Git-based workflows. Currently building and deploying a full-stack Smart Expense Splitter application while strengthening React, TypeScript, SQL, and Data Structures & Algorithms. Focused on writing clean, maintainable, well-tested code and shipping production-ready features.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), Java, TypeScript

Frontend: HTML5, CSS3, ReactJS, Responsive Design

Backend: Node.js, Express.js, REST API Design, CRUD Operations, JWT Authentication, Middleware

Database: MongoDB, SQL

Tools & Practices: Git, GitHub, Postman, npm, Agile basics, System Design Basics, Unit Testing

Currently Learning: Advanced System Design, Data Structures & Algorithms (Java)

Portfolio: prabhpreet-dev.lovable.app

PROJECTS

Smart Expense Splitter — Full-Stack Web App

React, Node.js, Express.js, MongoDB, JWT | github.com/iamPrabh123

- Designing and building a full-stack expense-splitting application with user authentication, group management, and CRUD REST APIs.
- Implementing JWT-based secure authorization and role-based access control across API endpoints.
- Using MongoDB for persistent, relational-style data storage across users, groups, and expenses.
- Building a dynamic ReactJS frontend to consume REST APIs and render real-time balance calculations.

Weather Forecast Web App

HTML, CSS, JavaScript, OpenWeatherMap API | [GitHub Repository](#)

- Built a responsive, mobile-friendly weather application integrating the OpenWeatherMap REST API for real-time temperature, humidity, and condition data.
- Implemented robust error handling for invalid city names and network failures with user-friendly messaging.
- Maintained clean, well-commented code with clear separation between API logic and UI rendering.

EDUCATION

Bachelor of Computer Applications (BCA)

2024 – 2027 (Pursuing)

SGTBIMIT, New Delhi (Guru Gobind Singh Indraprastha University)

Overall CGPA: 7.54

Class XII

Mahadev Desai Public School, Sec 16, Faridabad

Class X

Carmel Convent School, Sec 7-D, Faridabad

CERTIFICATIONS

- CyberSecurity Summer Training — Veridical Technologies (2025)

SOFT SKILLS

Strong problem-solving ability, logical thinking, fast learner, effective communication, persistence in debugging.

EXTRACURRICULAR ACTIVITIES

- Represented SGTBIMIT in Inter-College Cricket League
- Regular gym athlete demonstrating discipline and consistency
